Project Id	Group-1	Project Name	SPORTS MANAGEMENT SYSTEM
Program / Module / Function Name	Module-1	Tested by	Group-1
Platform / Browser / Environment	PUTTY	Author	Group-1
Type of Testing	Manual Testing	Iteration II Date	
Iteration I Date	26.10.2022	Test Technique	Test case

*Mandatory to be filled by Testing projects

Test Case Id	Test Description	Expected Result	Traceability
1	Admin enters password	System Verifies the password	REQ1.1
2	If admin enters wrong password	System displays incorrect password ,Try again	REQ1.2
3	If admin enters correct password	So the login will be successful and admin can see all the menus under admin section	REQ1.3

PHYSICAL TEST CASES

*Mandatory for all lifecycles

Test Case Id	Step	Preconditions / Dependencies	Scenario Description / Test Case
ADMIN_001	Enter the password	Validate password	Admin enters the password to login
ADMIN_002	Enter invalid password	Invalid password	Admin enters the invalid password to login.
ADMIN_003	Enter valid password	Valid password	Admin enters the valid password to login
ADMIN_004	Enters choice 1	Admin can maintain the sports database	Admin can add,edit,delete,view the sports database
ADMIN_005	Enters choice 2	Admin can maintain the teachers database	Admin can add,edit,delete,view the teachers database
ADMIN_006	Enters choice 3	Admin can access the reports	Admin can view results,pending sports,first placed ,popular sports,event completed sports teacher
TEACHER_001	Enter the password	Validate password	Teacher enters the password to login

Test Data	Expected Result	Actual Result (Iteration I)	Status (Pass or Fail)
password="Admin@123"	System verifies the password	Verifies the password	Pass
password="Admin@123"	System displays incorrect password ,Try again	It display"Incorrect password,try again"	Fail
password="Admin@123"	So the login will be successful and admin can see all the menus under admin section	Login success	Pass
Admin can add,edit,delete,view the sports database and validations are also done	System verifies the data and provide add,edit,delete and view data options	Admin can add,edit,delete and view data	Pass
Admin can add,edit,delete,view the teachers database and validations are also done	System verifies the data and provide add,edit,delete and view data options	Admin can add,edit,delete and view data	Pass
Admin can view results,pending sports,first placed ,popular sports,event completed sports teacher	System fetch the results from the database	It displays view results,pending sports,first placed,popular sports,event completed teacher	Pass
password="Teacher@123"	System verifies the password	Verifies the password	Pass

UT TEST CASES

*Mandatory for all lifecycles

Test Case Id	Step	Preconditions / Dependencies
LOGIN_001	Admin Login	Validate Password
LOGIN_002	Teacher Login	Invalid password
ADMIN_001	Admin will choose the valid choice	So,it will display the corresponding menu page
ADMIN_002	Admin enters value 1	Admin can maintain the sports data
ADMIN_003	Admin enters value 2	Admin can maintain the Teachers data
ADMIN_004	Admin enters value 3	Admin can view the reports
ADMIN_005	Admin enters value 4	Admin can go back to main menu
TEACHER_001	Teacher Login into the system	So,it will display the corresponding menu page
TEACHER_002	Teacher enter value 1	Teacher can take attendance
TEACHER_003	Teacher enter value 2	Teacher can list out the winners
TEACHER_004	Teacher enter value 3	Teacher can view attendance
TEACHER_005	Teacher enter value 4	Teacher can go back to the main menu

Scenario Description / Test Case	Test Data	Expected Result
Admin enters the password to login	Password="Admin@123"	System verifies the password
Teacher enters the password to login	Teacher password	System display the "You have entered incorrect password"
display the corresponding menu page		
Admin able to maintain (add,edit,delete,view) sports data	Admin can maintain the sports data	System verifies the Admin and Admin can maintain the sports data
Admin able to maintain (add,edit,delete,view) Teachers data	Admin can maintain the Teachers data	System verifies the Admin and Admin can maintain the Teachers data
Admin can view the reports	Admin can view the reports	System verifies the Admin and Admin can view the reports
Admin can go back to main menu	Admin can go back to main menu	System verifies the Admin and Admin can go back to main menu
So,it will display the corresponding menu page	So,it will display the corresponding menu page	System verifies the Teacher and teacher can add data
Teacher can take attendance	Teacher can take attendance	System verifies the Teacher and Teacher can take attendance
Teacher can list out the winners	Teacher can list out the winners	System verifies the Teacher and Teacher able to list out the winners
Teacher can view attendance	Teacher can view attendance	System verifies the Teacher and Teacher can view attendance
Teacher can go back to the main menu	Teacher can go back to the main menu	System verifies the Teacher and Teacher can go back to main menu

Actual Result (Iteration I)	Status (Pass or Fail)	Bug Severity	Comments/Defect No.	Actual Result (Iteration II)	Status (Pass or Fail)
Verifies the password	Pass	No		Verifies the password with	Pass
System display the "You have entered incorrect password"	Pass	No		System display the "You have entered incorrect password"	Pass
	Pass	No			Pass
System verifies the Admin and Admin can maintain the sports data	Pass	No		System verifies the Admin and Admin can maintain the sports data	Pass
Admin can maintain the Teachers data	Pass	No		System verifies the Admin and Admin can maintain the Teachers data	Pass
Admin can view the reports	Pass	No		System verifies the Admin and Admin can view the reports	Pass
Admin can go back to main menu	Pass	No		System verifies the Admin and Admin can go back to main menu	Pass
So,it will display the corresponding menu page	Pass	No		System verifies the Teacher and Teacher can add data	Pass
Teacher can take attendance	Pass	No		System verifies the Teacher and Teacher can take attendance	Pass
Teacher can list out the winners	Pass	No		System verifies the Teacher and Teacher able to list out the winners	Pass
Teacher can view attendance	Pass	No		System verifies the Teacher and Teacher can view attendance	Pass
Teacher can go back to the main menu	Pass	No		System verifies the Teacher and Teacher can go back to main menu	Pass
